

# TAKE YOUR NETWORK TO THE NEXT LEVEL RETROFIT YOUR TRANSFORMER WITH VACUTAP® VBO®

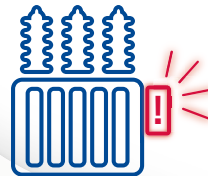

NETWORK EFFICIENCY  
AND RELIABILITY IS  
THE KEY TO YOUR  
BUSINESS ...

BUT 95% OF OLTCs  
IN THE UK ARE 40+  
YEARS OLD ...

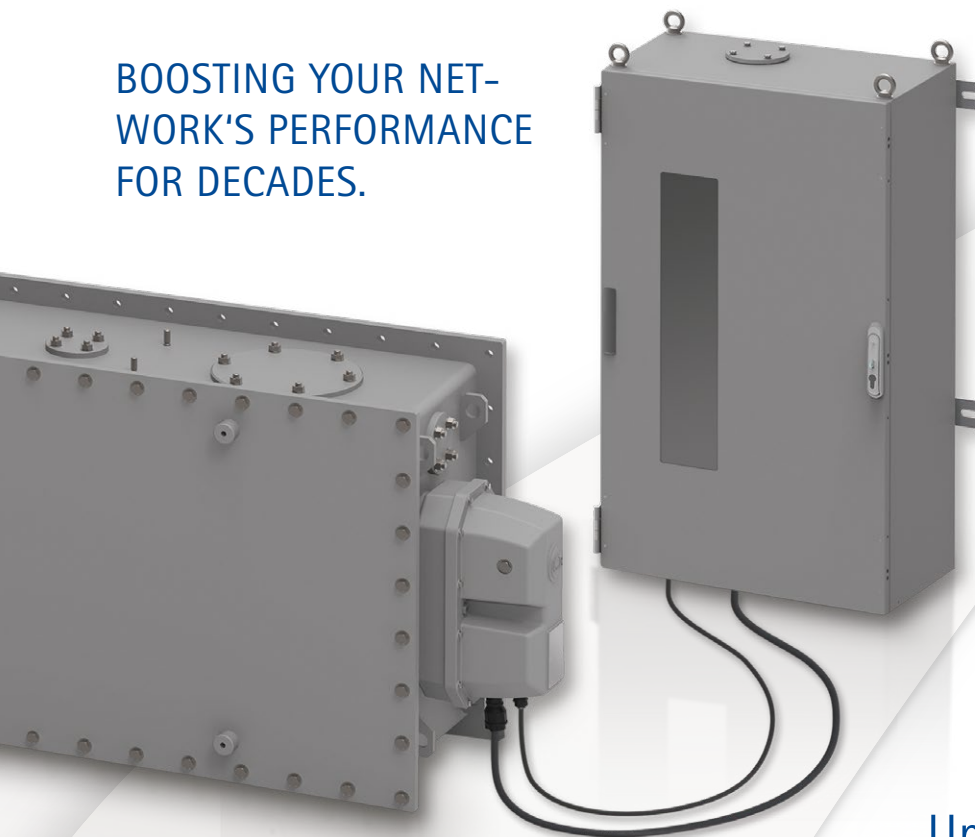

... and to your clients'  
homes and operations.

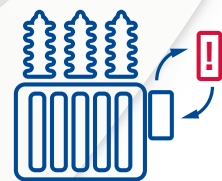

... and OLTCs are the main trans-  
former failure point, putting net-  
work availability at risk.

## VACUTAP® VBO® OFFERS A SMART, INSTANT SOLUTION.

BOOSTING YOUR NET-  
WORK'S PERFORMANCE  
FOR DECADES.

Simple 1:1 retrofit for AT-type  
OLTCs and a wide range of  
legacy units.

Innovative resistor-type  
vacuum bolt-on tap changer  
with ETOS® ID (Intelligent  
Drive).

- No OLTC-maintenance for 300,000 operations.
- IEC-compatible and 100% reverse power flow tested.
- Maximal network availability.

Up to £ 100,000 saved  
within 21 years!
