

# REMOTE SERVICE

DIGITAL. EFFICIENT. CUSTOMIZED.

## FAST AND COMPETENT SUPPORT.

We eliminate your malfunctions, support the installation and commissioning of products and conduct customized trainings. With our Remote Service, the global MR expert network is available to you any time you need.

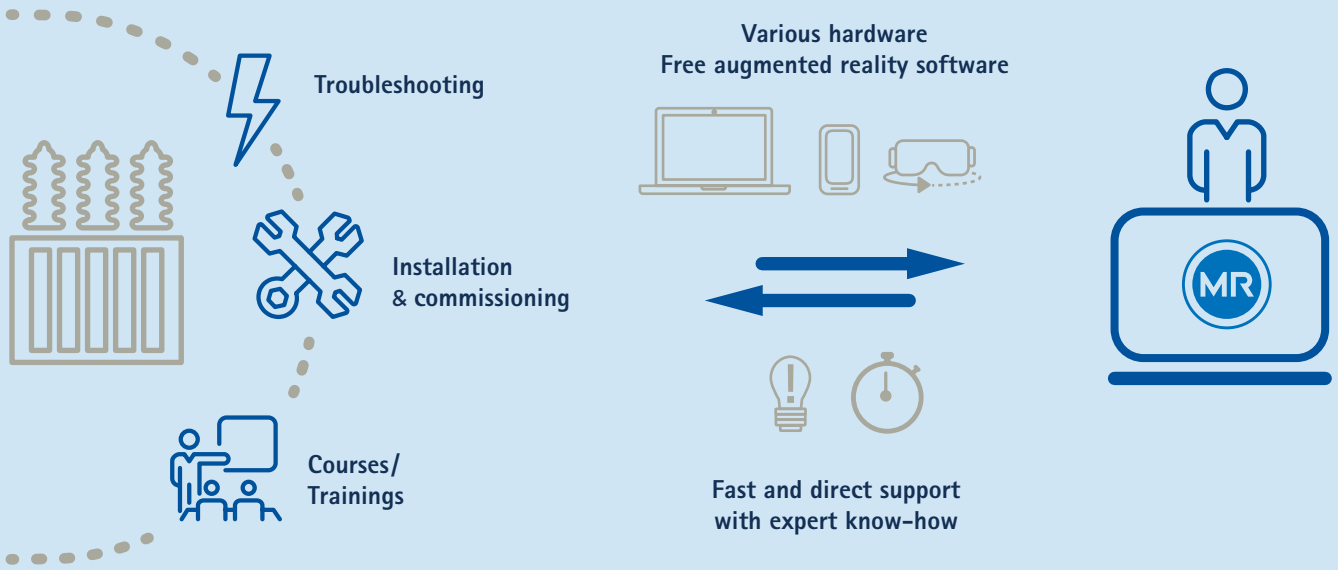

### YOUR CHALLENGE

-  Troubleshooting of sudden failures costs a lot of time and resources
-  Ensuring high availability of the transformers while adhering to the budget
-  Complicated planning and performance of service works and professional training
-  Travel restrictions make it difficult to perform on-site services
-  Increased system complexity requires assistance from specialists

### OUR SOLUTION

-  Immediate support and efficient troubleshooting
-  Competent advice from our MR specialists on how to install and commission products
-  Spare your budget by avoiding travel costs
-  Free, user-friendly remote software with an augmented reality function
-  Customized training courses held upon customer request

# HOW REMOTE SERVICES WORK
